Circular Letter No. AM-I-3-643-75
March 7, 1975

TO ALL INSURERS AUTHORIZED TO TRANSACT DWELLING
PROPERTY INSURANCE IN PUERTO RICO

Dear Sirs:

Our Office is in the process of reexamining the dwelling property rate levels in Puerto Rico. We are mostly concerned with fire, extended coverage, windstorm and earthquake insurance rates.

We are hereby enclosing blank forms requiring specific information for the years 1972, 1973, 1974, respectively. In the opposite side of the blank form, the insurer must include the ten (10) major producers of the informed business with their respective participation in the total premium volume.

The requested information duly sworn must be submitted to this Office within the next thirty (30) days after the date of this circular letter.

If no business was transacted, please state so in the blank form.

Cordially yours,

Carlos E. Ríos
Commissioner of Insurance
