Subject: Publication of Financial Statements

We are considering the possibility of approving regulation to require insurers to publish, at their expense, in newspapers of general circulation, a summary of their financial condition and of their operations as reflected in the annual statements they file in our Office. The purpose, of course, would be to have the general public informed of the financial condition of authorized insurers.

Before getting involved in this endeavor, we would certainly appreciate your comments, opinion, whether favorable or unfavorable, rules on the subject you may have, or any other suggestions which may help us decide whether or not to proceed with this project.

Thank you for your cooperation.

Cordially yours,

Rolando Cruz  
Commissioner of Insurance
