TO ALL INSURERS AUTHORIZED TO TRANSACT
VEHICLE INSURANCE IN PUERTO RICO

Re: Changes in the effective date of filings PP 97-OAPP1 and CA-OAE1 approved to the Insurance Services Office, Inc.

Ladies and Gentlemen:

On May 14, 1998, filings PP97-OAPP1 and CA-OAE1 were approved to the Insurance Services Office, Inc. (ISO). The effective dates requested and granted for the filings are August 1, 1998 and September 1, 1998, respectively.

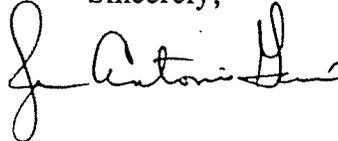

These filings contain the revisions to forms PP 01 70 (Amendment to Policy Provisions-Puerto Rico) and CA 01 14 (Puerto Rico Changes) and the submission of new forms IL 00 24 01 98 and IL 09 01 01 98, in response to Act No. 253 of December 27, 1995, known as the Motor Vehicle Compulsory Liability Insurance Act.

Please note that in accordance with our Ruling No. N-AC-II-4-66-94 of August 16, 1994, insurers wishing to adopt a different effective date from that selected by ISO, may request in writing, from the Commissioner of Insurance, authorization for the change, prior to the effective date approved to ISO. The petition for the change in the effective date must specify the reasons for the change, as well as the new effective date the insurer will select for the approved filing.

Insurers may adopt an earlier effective date than the one approved to ISO, but in such event, the effective date can not be earlier than the date the filing was approved by this Office.

Should you have any questions or doubts pertaining to this information, please contact Mr. Ramón L. Cruz or Ms. Cristina M. Morán, Advisors to the Commissioner of Insurance in matters pertaining to the Compulsory Liability Insurance Program, through telephone number 722-8686 extensions 2262 or 2263.

Sincerely,
