Circular Letter No. AM-I-4-524-72
April 20, 1972

TO ALL INSURERS AUTHORIZED TO TRANSACT
AUTOMOBILE BODILY INJURY LIABILITY INSURANCE
IN PUERTO RICO

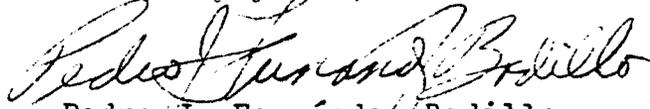

Dear Sirs:

The Insurance Services Office has submitted to become effective on May 1, 1972, a 20% reduction in all automobile bodily injury liability rates. The filing was submitted mostly on a judgement basis due to the fact that only one complete year of experience was available since the beginning of operations of the Automobile Accident Compensation Administration.

We are hereby requesting that a similar filing be submitted to this Office by all independent companies to become effective also on May 1, 1972.

The Insurance Services Office manual purchasers may notify this Office of their intention of using such rates as of the effective date selected by said bureau. The final printed pages may be submitted when available.

Cordially yours,

Pedro J. Fernández Badillo
Commissioner of Insurance
