A. Accounting Practices, impact of NAIC/state differences

The accompanying financial statements of "Asociación de Suscripción Conjunta del Seguro de Responsabilidad Obligatorio" (ASC) have been prepared in conformity with accounting practices prescribed or permitted by the Puerto Rico Insurance Commissioner (the Insurance Commissioner), which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. The Insurance Commissioner adopted the National Association of Insurance Commissioners' statutory accounting practices (NAIC SAP) as the basis of its statutory accounting practices, as long as they do not contradict the provisions of the Puerto Rico Insurance Code or the Circular Letters issued by the Insurance Commissioner.

The Insurance Commissioner has the right to permit other specific practices that may deviate from prescribed practices. Prescribed statutory accounting practices include a variety of publications of the NAIC, including its codification initiative contained in its accounting practices and procedures manual, as well as state laws, regulations, and general administrative rules. Permitted statutory accounting practices encompass all accounting practices not so prescribed. The Insurance Commissioner has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. However, differences adopted by the Insurance Commissioner do not have a significant effect on the net income and statutory surplus and other funds of ASC.

A reconciliation of ASC's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the Commonwealth of Puerto Rico is shown below:

B. Use of Estimates

The preparation of the statutory financial statements in conformity with accounting practices prescribed or permitted by the Insurance Commissioner requires management to make a number of estimates and assumptions that affect the reported amount of admitted assets and liabilities and disclosure of contingent admitted assets and liabilities at the date of the statutory financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the valuation of investments, carrying amount of the liability for unpaid losses and loss-adjustment expenses, the liability of amounts withheld or retained on behalf of others, and the provision for income taxes.

Notes to Financial Statements

C. Accounting Policies

Premiums are collected in advance of their respective coverage period and earned pro rata over the term of the policies, which is one year. The liability for unearned premiums represents the portion of the collected premiums that has not been earned. Costs related to acquiring business, such as the service fee paid to the Authorized Stations for the collection of premiums, are charged to operations in the year they are incurred. Premiums written are recorded net of the corresponding amount withheld or retained on behalf of others.

In addition, ASC uses the following accounting policies:

- 1. Short-term investments include investments with remaining maturities of one year or less at the time of acquisition, and are principally stated at amortized cost.
- 2. Bonds are valued in accordance with rules promulgated by NAIC. Bonds eligible for amortization under such rules are stated at amortized cost. Realized gain or losses on sale of investments are included in operations and are derived using the First in First out (FIFO) cost method of securities sold. Interest and dividend income is recognized when earned. Premiums are amortized and discounts are accreted over the life of the investment as an adjustment to yield using the effective interest method.
- 3. Common stocks are valued in accordance with rules promulgated by NAIC. Common Stocks are reported at fair value, as determined by the Investments Analysis Office of the NAIC (IAO) with the related net unrealized gains (losses) recorded as a direct adjustment to surplus and other funds. Adjustments reflecting the unrealized appreciation or depreciation of common stocks are not included in the determination of the net income.
- 4. Basis of valuation of Preferred Stocks- Not applicable.
- 5. Basis of valuation of Mortgage Loans Not applicable.
- 6. Mortgage-backed securities are valued at amortized cost using the interest method including anticipated prepayments. Prepayment assumptions are obtained from dealer surveys and are based on the current interest rate and economic environment.
- 7. Basis of valuation of subsidiary, controlled and affiliated Not applicable.
- 8. Basis of valuation of Joint Ventures, partnerships and LLC's Not applicable.
- 9. Basis of valuation of Derivatives Not applicable.
- 10. Premium Deficiency Reserve Not applicable.
- 11. The liability for unpaid losses and loss adjustment expenses represent the estimated ultimate net cost of all reported but unpaid and incurred but not reported claims through December 31, 2016 and 2015. The liability for unpaid losses and loss adjustment expenses is estimated using individual case-base valuations, statistical analyses and estimates based on past experience and on external industry data sources. Those estimates are subject to the effect of trends in loss severity and frequency. The estimated liability for unpaid losses and loss-adjustment expenses is continually evaluated and resulting adjustments are reflected in the current period operations.
- 12. Change in capitalization policy Not applicable.
- 13. Method of estimating pharmaceutical rebate receivables- Not applicable.
- D. Going Concern Not applicable

Note 2 - Accounting Changes and Corrections of Errors

Ī	Note	Note Description	Relevant SSAP
	2	Accounting Changes and Corrections of error	3

A. During 2016 and 2015 ASC made changes in the methodology used to record its premium written based on new information that became available during each year, which increased and decreased, respectively the amount withheld on behalf of others and increased and decreased, respectively the amount of premium written. Until June 30, 2015 ASC recorded premiums written based on the estimated percentage of total premium collections representing the vehicles insured by ASC. The percentage of premium collections representing vehicles insured by ASC was 91.50% in 2015, but in July 2015 ASC changed this methodology to record premiums written based on specific details of premiums sold. This change was possible because Puerto Rico Act No. 253 of 1995 was amended to introduce a compulsory vehicle liability insurance selection process where, starting in July 1, 2015, each vehicle owner must select the insurance company of its preference when acquiring the vehicle liability insurance coverage. In this selection process ASC was appointed as the clearing house, having the responsibility of receive all premiums paid by vehicle owners and transfer them to the selected insurance companies. Thus, from July 1, 2015 thereafter, ASC receives specific information of all vehicles insured by the compulsory vehicle liability insurance, including those who selected ASC as their desired insurance provider. Those details served as a policy master file and provide ASC the ability to record premiums written based on specific policy details, instead of using the percentage methodology used in prior years.

Notes to Financial Statements

The premium earn methodology was also changed. Since July 1, 2015 ASC use that same policy master file to earn premiums based on specific policy details, such as payment date and coverage period, instead of using prior period assumptions, which was recognizing earned premium based on a lump sum of premiums received each month over a twelve months period.

There were no corrections of errors in 2016 or 2015.

Under SSAP No. 101, if ASC is subject to risk-based capital requirements, deferred tax assets are admitted based on *Realization Threshold Limitation Table-RBC Reporting Entities*.

ExDTA ACL RBC	Realized Years	Surplus Limitation
Greater than 300%	3 years	15%
200%-300%	1 year	10%
Less than 200%	0 year	0%

The RBC Reporting Entity Table's threshold limitations are contingent upon the ExDTA RBC ACL Ratio. The ExDTA RBC ACL Ratio of the ASC at December 31, 2016 is 1,714.200%, which resulted on all deferred tax assets with reversal period of 3 years being admitted.

During 2016, under NAIC SAP, gross deferred tax assets are generally admitted to the extent that ASC income taxes paid in prior years can be recovered through loss carrybacks; plus the lesser of (a) the amount of gross deferred tax

ASC is composed of all authorized private insurers which write more than one percent of total vehicle liability insurance in Puerto Rico in a given calendar year (the Members). The Members participate in ASC's profits and losses in proportion to said writings. Regulation No. LXX of the Puerto Rico Insurance Code limits the amount of the annual profits which ASC may distribute to its Members. Pursuant to said Regulation, the maximum amount of the annual profits which may be distributed each year shall not exceed the percentage established for 'profit' in the premium dollar distribution, which presently stands at 5%, applied to the earned premiums of the previous year. Annual profits in excess of the amount distributed pursuant to the aforementioned provision shall accumulate in a special surplus reserve to be used exclusively for the future stabilization of the compulsory insurance premium and the future expansion of benefits under said insurance. ASC paid \$6,324,763 and \$7,196,288 in ordinary distributions to the Members in 2016 and 2015, respectively.

Furthermore, Puerto Rico Act No. 201- 2015 authorized ASC's Board of Directors to declare an extraordinary dividend during year 2015, in the amount of 21 million subject to the payment of a special and single tax of 15% in favor of the Puerto Rico Treasury Department. ASC paid the aforementioned \$21 million dividend to its Members on three equal installments during February, April and June 2016.

ASC is a defendant in various legal actions in the ordinary course of business. A provision has been made for any case in which Management, with the advice of its legal counsel, believe one is warranted in accordance with statutory accounting principles.

Notes to Financial Statements

As an insurance company operating in Puerto Rico, ASC is subject to audits and investigations from the Insurance Commissioner, some of which are pending conclusion. In the opinion of management, the ultimate conclusion of these audits and investigations will not have a material adverse effect on ASC's statutory financial position or the result of its operations.

During 2016 and 2015 ASC recorded other-than-temporary impairment loss adjustments on its investment portfolio, specifically on its bonds portfolio, for the amount of \$707,189 and \$4,565,774, respectively. All impairment losses were recognized as realized investment losses.

Notes to Financial Statements

- A. Inputs Used for Assets and Liabilities Measured at Fair Value on Recurring Basis ASC adopted the guidance in the provisions of SAP No. 100, Fair Value Measurements (SAP 100), for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the statutory financial statements on a recurring basis. This guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The following table presents assets and liabilities that are measured at fair value on a recurring basis at December 31, 2016 and 2015:

Puerto Rico Act No. 201 - 2015 authorized ASC's Board of Directors to declare an extraordinary dividend for the amount of \$21 million subject to a special and single tax rate of 15% in favor of Puerto Rico's Treasury Department. The Act also authorized ASC's Board of Directors to make a special donation to the Government of Puerto Rico, for the amount of \$21 million in favor of the Community Impact Legislative Fund (Fondo Legislativo de Impacto Comunitario). In exchange of such donation, Act 201-2015 granted ASC with \$18 million Tax Credit. On December 9, 2015 ASC's Board of Directors approved both, the extraordinary dividend distribution and the donation payment, with the following distribution schedule:

\$21 Million Extraordinary Dividend – The extraordinary dividend was declared in 2015 but was distributed on three separate installments of \$7 million each, on February, April and June 2016. So, as of December 31, 2015 ASC recorded a dividend declared but unpaid in the amount of \$21 million.

Notes to Financial Statements

\$21 Million Donation – The donation was disbursed in two phases: the first \$15 million were paid on December 29, 2015, and the remaining \$6 million were paid on January 28, 2016. Thus, as of December 31, 2015 ASC recorded a donation payable for the amount of \$6 million.

\$18 Million Tax Credit – ASC received the \$18 million tax credit on December 2015. This tax credit was recorded as an Admitted Other Asset, offsetting part of the \$21 million donation expense, as approved by a Permitted Practice granted by the Insurance Commissioner on January 26, 2016.

Pending premium distribution to others – As mentioned in Note 2 "Accounting Changes and Corrections of Errors", Act No. 253 of 1995 was amended on December 2014, to introduce a compulsory vehicle liability insurance selection process, starting in July 1, 2015, where each vehicle owner selects the insurance company of its preference. ASC, in its functionality of clearing house, have the responsibility of receive all premiums paid by vehicle owners, and transfer them to the selected insurance companies. As of December 31, 2016 and 2015 premiums collected from vehicle owners who selected other insurance companies, and pending to be transferred to those insurance companies, amounted to \$2,269,361 and \$1,330,008, respectively.

- D. Business interruption insurance recovery Not applicable.
- E. State Transferrable and nontransferable tax credits

As explained above, on December 2015 ASC was granted with \$18 Million tax credit, through Act No. 201-2015. On December 30, 2016 ASC signed a Closing Agreement Pursuant to the Puerto Rico Internal Revenue Code of 2011, as amended, with the Puerto Rico Treasury Department to define the manner upon which the tax credit will be used. IT was stipulated that the tax credit can be used to offset ASC income tax responsibility and to cover the 4% service charge payable to the Puerto Rico's Treasury Department based on premiums written by ASC. This tax credit is non-transferrable and was available to use the following four years beginning on December 31, 2015. The annual amortization is based on its 4-year utilization period, amounting to \$4.5 million annually. As of December 31, 2016 and 2016 the balance of the tax credit was \$9,010,085 and \$13,500,000 approximately.

	25	Changes in Incurred Losses and Loss Adjustment Expenses	55

The estimated cost of loss and loss adjustment expenses (LAE) attributable to insured events of prior year decreased by \$4,819,000 during the current year. This decreased the calendar year losses and LAE incurred by this amount. This favorable development of \$4,819,000 is approximately 27% of the unpaid losses and LAE reserve of \$17,507,649 as of the end of prior year. Increases or decreases of this nature occur as additional information is received regarding unpaid individual claims and as a result of claim settlements during the current year. Recent loss development trends are also taken into account in evaluating the overall adequacy of unpaid losses and LAE.

31.3 If the answer to 31.2 is no, describe the reporting entity's process for determining a reliable pricing source for purposes of disclosure of fair value for Schedule D:

The fair values for ASC investment securities are obtained by our primary pricing service provided through its third party pricing service provider. The third party pricing service provider collects, edits, maintains and delivers pricing and pricing-related data from more than 450 markets and exchanges around the globe. This information includes bid and offer, last trade, open and close, high and low and volume data. When securities cannot be priced by the third party our vendor proceeds to document it and relies on the specific information presented on our investment brokers employ several valuation methodologies to measure the fair value of the investment securities. The market based inputs are the most commonly used since they consider trade data, yield curves and interest rates analysis, volatilities, credit curves, discount rates prepayment rates among others. All these pricing methodologies and approaches are consistent with general market conventions.

SCHEDULE P INTERROGATORIES

- The following questions relate to yet-to-be-issued Extended Reporting Endorsements (EREs) arising from Death, Disability, or Retirement (DDR) provisions in Medical Professional Liability Claims Made insurance policies, EREs provided for reasons other than DDR are not to be included.
 Does the company issue Medical Professional Liability Claims-Made insurance policies that provide tail (also known as an extended reporting endorsement, or "ERE") benefits in the event of Death, Disability, or Retirement (DDR) at a reduced charge or at no additional cost? If the answer to question 1.1 is "no", leave the following questions blank. If the answer to question 1.1 is "yes", please answer the following questions:
 What is the total amount of the reserve for that provision (DDR Reserve), as reported, explicitly or not, elsewhere in this statement (in dollars)?
 Does the company report any DDR reserve as Uncarned Premium Reserve per SSAP #65?
 Does the company report any DDR reserve as loss or loss adjustment expense reserve?

1.4 Does the company report any DDR reserve as loss or loss adjustment expense reserve?

- 1.5 If the company reports DDR reserve as Unearned Premium Reserve, does that amount match the figure on the Underwriting and Investment Exhibit, Part 1A Recapitulation of all Premiums (Page 7) Column 2, Lines 11.1 plus 11.2?
 1.6 If the company reports DDR reserve as loss or loss adjustment expense reserve, please complete the following table corresponding to where
- these reserves are reported in Schedule P:

1	Yes[] No[X]	(

2. The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998. This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as "Defense and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement?

Yes[X] No[]

3. The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense should be allocated by a reasonable method determined by the company and described in Interrogatory 7, below. Are they so reported in this Statement?

Yes[X] No[]

4. Do any lines in Schedule P include reserves that are reported gross of any discount to present value of future payments, and that are reported net of such discounts on page 10?

Yes[] No[X]

If Yes, proper disclosure must be made in the Notes to Financial Statements, as specified in the Instructions. Also, the discounts must be reported in Schedule P - Part 1, Columns 32 and 33.

7.2 An extended statement may be attached.

Pursuant to Act No. 201 of 2009, the maximum benefit under the policy was increased from \$3,000 to \$4,000 for accidents ocurring after January 28, 2010. This increase was accompanied by an increase in the incentive paid to repaired vehicles from \$60 to \$100. Starting in mid-year 2012, the Company changed the procedure for filing claims. Before that date, claims were filed by claimants in person at the time of their appointment at the Company's centers. Since mid-year 2012, claims are filed by claimants over the phone when they call to report the accident or through the Company's internet page. Also during mid-year 2012 the Company stopped requiring that the responsible party visit the Company's centers as part of the handling of the claim. Starting on June 2016 the Company provided a new procedure to accept claims though internet trhough internet.

REINSURANCE ATTESTATION SUPPLEMENT

The Chief Executive Officer and Chief Financial Officer shall attest, under penalties of perjury, with respect to all reinsurance contracts for which the reporting entity is taking credit on its current financial statement, that to the best of their knowledge and belief after diligent inquiry:

- (I) Consistent with SSAP No. 62R, Property and Casualty Reinsurance, there are no separate written or oral agreements between the reporting entity (or its affiliates or companies it controls) and the assuming reinsurer that would under any circumstances, reduce, limit, mitigate or otherwise affect any actual or potential loss to the parties under the reinsurance contract, other than inuring contracts that are explicitly defined in the reinsurance contract except as disclosed herein;
- (II) For each such reinsurance contract entered into, renewed, or amended on or after January 1, 1994, for which risk transfer is not reasonably considered to be self-evident, documentation concerning the economic intent of the transaction and the risk transfer analysis evidencing the proper accounting treatment, as required by SSAP No. 62R, Property and Casualty Reinsurance, is available for review;
- (III) The reporting entity complies with all the requirements set forth in SSAP No. 62R, Property and Casualty Reinsurance; and
- (IV) The reporting entity has appropriate controls in place to monitor the use of reinsurance and adhere to the provisions of SSAP No. 62R, Property and Casualty Reinsurance.

If there are any exception(s), it should be noted in the Reinsurance Attestation Supplement filed electronically with the NAIC and in hard copy with the domestic regulator (excluding the details of the exceptions). The details of the exceptions shall be filed in a separate hard copy supplement (Exceptions to the Reinsurance Attestation Supplement) with the domestic regulator.

Management's Discussion and Analysis

General Background

ASC is one of the principal providers of the compulsory vehicle liability insurance in Puerto Rico, and is one of the twelve insurance companies participating in the uniform selection form (the "formulario") used to aim vehicle owners in Puerto Rico to select their desired compulsory vehicle liability insurance provider. Also, ASC continues as the administrator entity and clearing house of the compulsory vehicle liability insurance.

During the year 2016 the second row of the "formulario" was revealed with one additional competitor, resulting in a fight for this insurance market between twelve providers instead of the eleven that launched in this mechanism back in July 2015. Having elapsed the very first cycle of the "formulario", ASC have sustained a solid and steady 30% market share, maintained its customers' satisfaction index stable at 91%, and achieved to decrease its operational and administrative costs by making additional changes and adjustments to its business structure even in a more significant way than those made during 2015.

Although a significant capital reduction was experimented on 2015 due to the extraordinary and ordinary dividends declaration, the 2016 operational results exceeded the estimated financial projections in premiums, underwriting income, investment income and net income. Looking forward future years, management is focused on defend its market share and continue the rightsizing efforts targeting a very lean operation to be able to achieve its expected profit levels.

Financial results

An explanation of major financial variables and results follows:

Assets

Total net admitted assets decreased by \$50.8M (24%), primarily derived by a shrinkage in invested assets as the result of some securities sales made during the year. Those sales were made to raise enough liquidity to cover two extraordinary disbursements payable as of December 31, 2015, plus the ordinary dividends declared and paid during 2016, and some operational expenses.

In terms of cash and invested assets, there was a decrease of \$46.4M (24%). Specifically, \$40.1M (24%) was a reduction in bonds, \$3.9M (100%) in receivable for securities, \$2.2M (13%) in common stocks and \$200K (6%) in cash.

Other admitted assets also decreased by \$4.4M (23%), mainly derived by the income tax credit amortization of \$4.5M (33%), plus a decrease of \$1.6M (100%) in prepaid income taxes, \$700K (41%) in investments income due and accrued, and \$400K (32%) in deferred tax assets. The only increase in other assets was on remittances receivable from Hacienda and it was about \$2.8M (279%).

Liabilities

Total liabilities decreased proportionately to assets. A total reduction of \$53.7M (48%) was experimented primarily after the disbursement of two payables as of December 31, 2015: \$6M corresponding to the second part of a donation made to the Puerto Rico Government, and \$21M of the extraordinary dividends declared on 2015.

In addition to those extraordinary disbursements, there were other reductions in liabilities corresponding to ASC's operations: \$12M (30%) in the in unearned premium reserve, \$8.2M (47%) in losses and loss adjustment expenses reserves, and \$6.6M (36%) in the liability for amounts withheld or retained in account of others.

Management's Discussion and Analysis

ASC did not have outstanding debt as of December 31, 2016 or 2015.

Surplus and other funds

Surplus and other funds increased by \$2.8M (3%) because of the current year's \$7.6M net income after income taxes, less the ordinary dividends declared and paid on 2016 in the amount of \$6.3M. Other favorable changes in surplus were: \$2.3M in non-admitted assets and \$1.5M in net unrealized capital gains. Meanwhile, an unfavorable change resulted in deferred taxes of \$2.2M.

Results of Operations

ASC net income after income taxes increased by \$10.5M (360%) as compared to prior year. This increase is primarily explained by the \$17M (191%) increase in net investment gains, plus \$800K (129%) increase in other income and \$2.2M (37%) decrease on income tax expenses. The only unfavorable factor was the decrease in net underwriting gains of \$9.5M (76%).

Net underwriting gains decrease was the result of \$58.7M (44%) reduction in premiums earned, as consequence of the market share lost with the implementation of the "formulario" back in July 2015. That reduction was partially offset by the favorable \$43.6M (50%) reduction in losses incurred, which also has a direct relation to the shrinkage on insureds. In addition, as explained in the general background, there were significant expenses reductions in underwriting and losses expenses incurred of \$3.7M (19%) and \$1.8M (13%), respectively.

Total investment income increase of \$17M (192%) was the result of \$4.5M capital gains realized on securities sold during the year that, when compared to the \$16M capital losses realized in 2015 result in a favorable change of \$20.4M (128%). This increase was partially offset by the \$3.4M (48%) decrease on net investment income, resulted as consequence of all investments sales.
